

We welcome applications from applicants in APA-accredited doctoral graduate programs in clinical, school, or counseling psychology who have completed all required coursework and the dissertation proposal by the application deadline. We look holistically at each application and do not require a minimum number of hours for intervention or assessment. Our application review focuses on fit with our program in terms of:

Child/adolescent/pediatric experiences: Successful applicants usually have dedicated a significant portion of their graduate training to work with children and adolescents in the domains of intervention, consultation, and/or assessment;

Setting: Successful applicants usually have worked in settings that include hospitals, integrated primary care clinics, and/or other multidisciplinary settings;

Commitment to serving diverse populations and considering individual and cultural diversity variables in service delivery; and
